Eu! VENERANDE PATER, Decus Orbis, Gloria Secli,

Doctor Athenæi, Lux columenque, Tui;

Siccine nos linguis? qui vivere Nestoris annos

Dignus eras: num sic morte peremptus abis?

O vox auditu tristis, peracerbaque dictu!

Dum cedit Aonii Stella corusca Poli.

Quæ præiens Musis docto præfulserat Orbi,

Vita, Doctrina, Moribus, Arte, Fide.

Duxit aberrantes verbo ad præsepia Christi,

Sicque Viæ cunctis Duxque Comesque fuit.

Præfulsura suæ Gedano, Terrisqve Borussis,

Hanc nisi mors tenebris surripuisse atrox.

O dolor! o luctus! Magni SAMUELIS acerbum

SCHELGVIGII funus Rama Sionq; dolent.

Quin Musæ Charitesq; dolent, illudq; disertum

Os, Svadamq; Viri conticuisse stupent.

Os, Sophies & magna DEI mysteria plebi

Pandens, quod teneras dogmate pavit oves:

Quod Studiosa cohors coluit, venerata locutum

Perpetuo Musis nectar & ambrosiam.

Ab utinam mea vota Tuis superaddita fatis

Jam possent luctus tollere materiem!

Sed cum sara tuos lethi vis claudat ocellos,

Scribere me pietas ultima verba jubet.
