Collegium Professorium Thoruniense.

On sunt in manibus nostris commercia vitæ,
eius nec filum multiplicare valent.

Omnia succumbunt violento mortis aratro,
destruit & nostras trux Libitina casas.

Non secus ac placidam tigris Gangetica cervam
diripit: aut proprium perfida mater Itym.

Res qvi divinas tractant, aut jura seqvuntur,
sæpe immaturo funere dira rapit.

Qui contra morbos prægrandia pharmaca miscent,
adversus mortis spicula, nulla parant.

Qvæ Cöi docet arcta senis, qvæ fusa Galeni
pagina, qvæ medicus pharmaca scripsit Arabs.

Hæc contra mortem nullo sunt fulta valore,
interdum doctâ plus valet arte malum.

Adversus morbos mors est medicina probata,
hæc frangit vires, monstraqve sæva, malas.

Id docet exemplo nunc nos heu! BLANCKIUS: olim
clara Machaonii gloria lausqve chori.

Qui dum vitales hic hactenus hauserat auras,
ægrotos medico juverat auxilio.

Sed contra mortem medicamina nulla paravit,
hinc senio fractum sustulit ipsa Virum.

Lux æterna beat Te, BLANCKI, nescia fortis
sors infinitis impleat usque bonis.
